

# RA-414 RIGID ROOF ANCHOR

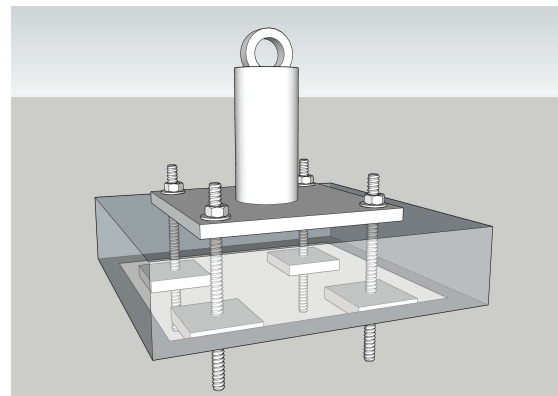

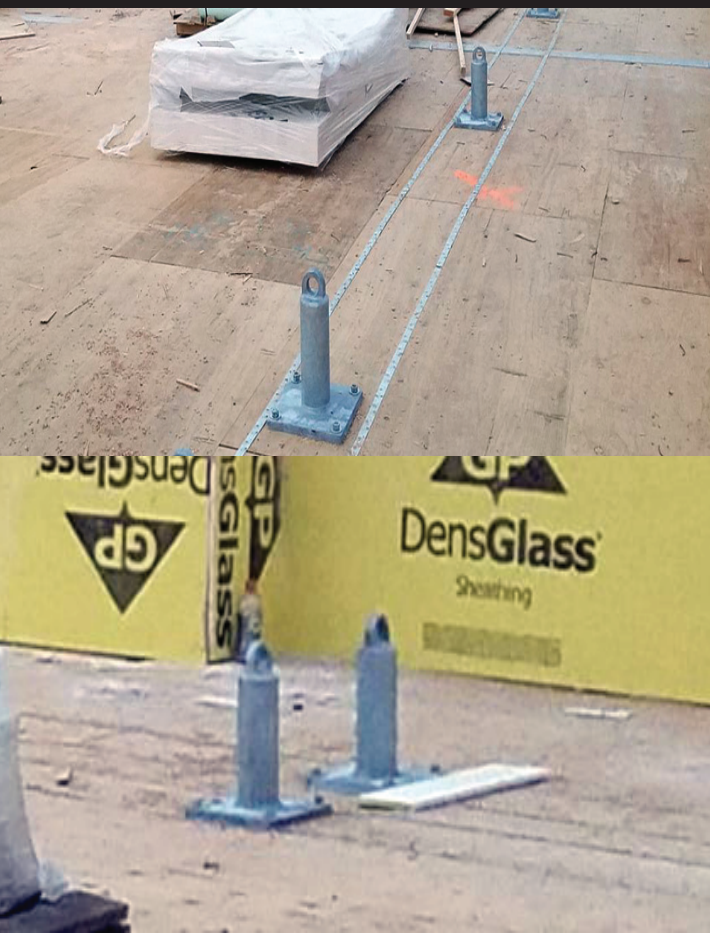

SafelineFP's Rigid Roof Anchor is a 11" fixed post roof top anchor, intended for permanent applications. The RA-414 has been thoroughly tested and is compatible for installation on wood, steel and concrete substrates. The 11-inch anchor post is meant to extend through roofing materials so that it is accessible both during and after construction.

The RA-414 roof anchor is made of durable galvanized schedule 40 steel. It has been tested and is compliant with ANSI Z359.1-2007 and ANSI A10.32-12 and is designed for use with SRLs, horizontal lifelines, shock absorbing lanyards or rope grab units.

## Key Features:

- OSHA 1926 Subpart M Compliant
- Meets ANSI Z359.1-2007 and ANSI A10.32-12
- Product Weight: 49 lbs.
- Worker Capacity Rates: 130-420 lbs.
- Durable Galvanized Finish
- Made in the USA
